

## **Access Statement – Eydon Village Hall**

### **Approach**

The postcode is NN11 3PP and the grid ref. 45442504. The Hall is almost halfway along the High Street (on the east side), at the junction with Doctors Lane near to the postbox.

There are four roads into the village, from Canons Ashby (traffic from the M1/A5 approach); a narrow lane from Preston Capes which is also the M1 /A5 side; Culworth (traffic from A43, Welsh Lane and Brackley); Woodford Halse and Byfield (traffic from A361, Daventry or Banbury approach).

There is limited public transport at Woodford Halse and Byfield, both are 2-3 miles away.

The nearest railway station is Banbury (10 miles).

### **Arrival**

Parking is on public roads; there is no dedicated car park.

Visitors with limited mobility can be dropped off near to the hall – there is lowered kerb access on to the level, gravelled pavement 20m from the main entrance. In addition there are some steps with handrail.

There is a streetlight on the corner of the building and a light, operated by an external switch, over the double entrance doors which open manually. The entrance hallway is 50mm lower than the pavement and is fitted with a sloped wedge.

### **Inside**

The Hall is all on one level. It is lit by fluorescent strip lighting. The inner entrance double doors are part glazed and operate manually. There is a unisex, wheelchair accessible, toilet off the entrance hallway. Access into the kitchen is not possible by wheelchair. The counter hatch can be lifted for serving.

The walls are all currently off-white, the internal doors to the Meeting Room are wooden, the sanitary ware is white, and all rooms have a different floor colour and/or texture. There is a hearing aid loop system with portable microphone, if this is required, please let us know.

### **Means of Escape**

The fire exit route is back through the main entrance. There are two further exits which both have external steps and would need assistance as required.
